

# BASIC & ADVANCED GYNAEC LAPAROSCOPIC & HYSTEROSCOPIC TRAINING COURSE

[www.swapnahealthcare.com](http://www.swapnahealthcare.com)

## BASIC & ADVANCED GYNAEC LAPAROSCOPIC & HYSTEROSCOPIC TRAINING COURSE

The first training centre in Andhra Pradesh & Telangana recognised by FOGSI, for training specialists in endoscopy at Basic & Advanced level.

Endoscopic surgery has become the gold standard in gynecological practice. Almost all gynaecological pathologies can be managed via endoscopy safely and effectively. The potential benefits are obvious – better visualization and magnification, better surgical precision and early post operative recovery and return to normal activity. It is mandatory that practical training specific to this surgery is crucial to minimize complications.

### AIM

This course is designed to provide a thorough knowledge about the basics of laparoscopic surgery and familiarize the participants in procedures like diagnostic laparoscopy, hysteroscopy, LEOS, Sterilisation, Chocolate cyst, Ovarian cyst excision, Myomectomies, LAVH and Septal Resection.

### COURSE STRUCTURE

An introductory meeting will be held by **Dr. Y. Savitha Devi**, the course director, briefing about course objectives, facilities available and other details.

This course will cover the basic principle of laparoscopic surgery with emphasis on safe practice and avoidance and management of complications. Participants will be attending the operation theatre in the morning session. Afternoon sessions are dedicated for lectures and intensive training will be given on basic techniques of Laparoscopic manipulation and endo suturing using endo trainers.

- **Number of trainees 2 at a time.**
- **Accommodation will be provided for outstation doctors**

(for FOGSI BASIC / ADVANCED courses only)

## COURSE TOPICS

1. Instrumentation in Laparoscopy & Hysteroscopy
2. Patient Preparation
3. Safe Abdominal access in Laparoscopy
4. Principles of Laparoscopic haemostasis
5. Principles of Tissue Approximation
6. Principles of Specimen removal
7. Special Problems: Obesity, Previous abdominal surgery.
8. Principles and practice of electro surgery
9. Complications in Laparoscopic surgery
10. Laparoscopic Sterilization
11. Laparoscopic surgery for ectopic pregnancy
12. Laparoscopic surgery for endometriosis
13. Laparoscopic myomectomy
14. Laparoscopic management of adnexal masses
15. Laparoscopic tubal surgery
16. Laparoscopic hysterectomy
17. Diagnostic and operative hysteroscopy
18. Office Hysteroscopy

**Our training course acquaints you  
with the complete range of  
endoscopic gynaecological procedures  
that are essential for  
modern gynaecological practice.**

## COURSE FACULTY

**Dr. Y. SAVITHA DEVI**

*M.D., D.G.O., FIMSA., F.I.C.O.G*

Senior Consultant Obstetrician,  
Gynaecologist & Laparoscopic Surgeon,  
Director of Gynaecology & Laparoscopic Surgery

**Dr. T. KAMALAKAR NAIDU**

*M.S., (Gen Surgery), FRCS (Edin), F.M.A.S.,  
Diploma Laparoscopic Surgery (France)*

Consultant Laparoscopic Surgeon. Director of  
Minimally Invasive Surgery & Male Fertility Unit

**Dr. Y. K. SWAPNA**

*DGO., DNB(OBG), Diploma in Endoscopic Surgery (Germany)*  
Obstetrician, Gynaecologist & Laparoscopic Surgeon,  
Director of Hysteroscopy & Colposcopy Units & Dept  
of Obstetrics & Highrisk pregnancy

**Dr. Pratibha**, M.D., D.G.O.

**Dr. Suhasini**, M.D

**Dr. M. Ramesh**

M.D, D.A. Consultant  
Anaesthesiologist

**Dr. Kousalya** MD Anaesthesiology

## COURSES CONDUCTED:

### 1. FOGSI CERTIFIED COURSES:

- BASIC COURSE
- 1 week duration
- ADVANCED COURSE
- 2weeks duration

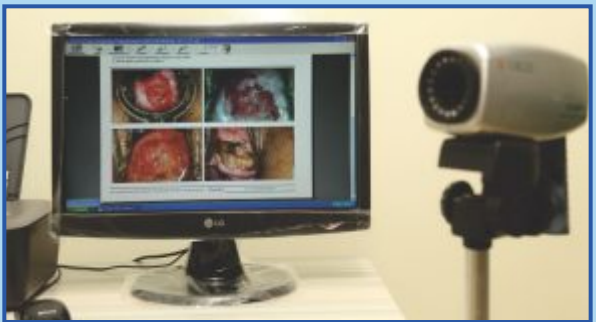

### 2. FELLOW-SHIP COURSE offered by SWAPNA HEALTH CARE

- 6months duration
- FOGSI Advanced course certification  
is included

## COURSE CORRESPONDENT

**Mrs. Ch. Anuradha**

**91007 71450**

**Swapna Healthcare** started with the just 10 beds in the year 1983 as Swapna Nursing Home.

Today, **Swapna Healthcare** has 50 beds with the latest facilities, equipment, infrastructure and care. It has undergone a massive restructuring and re-organisation in order to cater to the changing needs of the patients. A set of State of the Art operation theatres, and labour delivery recovery suits have been added for the increased safety and convenience of the women visiting us. A new mother and child room has been added to provide privacy for the feeding mothers and their accompanying toddlers.

**Swapna Healthcare** has always kept abreast with the latest techniques, treatments and technologies with the rest of the world. They are the pioneers in Gynaecological and Operative Endoscopic Procedures: - Laparoscopy, Hysteroscopy, Colposcopy, LEEP, uterine balloon therapy, endometrial resection, etc. The ultrasound centre caters not only to the routine Obstetric and Gyneac patients, but also carries out interventional ultrasound and has regular referrals from outside.

**Swapna Healthcare:**
